

LEARNING CAN HAPPEN OUTSIDE THE SCHOOL DAY –and it should!

EXPANDED LEARNING LEGISLATIVE BREAKFAST

Hosted by the
Iowa Afterschool Alliance

Tuesday, March 25, 2014

7:00-9:00 a.m.

Capitol First Floor Rotunda
(South Wing)

Before school, after school, and during summer are prime times to engage students in activities that expand their minds and broaden their horizons. Whether it's called expanded learning, extended learning, out-of-school time, or afterschool programming, the opportunity for learning and enrichment outside the regular school day makes a positive difference for students. The Iowa Afterschool Alliance supports high-quality programs that provide structured, hands-on learning and enrichment for children and youth.

Join us to meet people who provide expanded learning opportunities across Iowa, and learn how high-quality expanded learning programs help students succeed.

ABOUT IAA

The Iowa Afterschool Alliance is a statewide network of expanded learning providers and advocates, operating with primary support from the Charles Stewart Mott Foundation and with additional support from other nonprofits and state agencies. The IAA's vision is that all Iowa children, youth, and families will have access to quality out-of-school-time opportunities in their community.
